Autumn One Home Learning Year 1

Gorringe Park Primary School

English	Maths	Wider Curriculum	Experiences
Think of a special event from your family's history. It could be a birthday or another special celebration. Draw a picture to show what happened and write a sentence about it.	Play a track game such as snakes and ladders.	Speak to older members of your family to find out how their childhoods were similar to or different from yours. Ask them about a range of topics, such as toys, food, home and school. Draw pictures or write some sentences to record what they say.	Visit the park or Figges Marsh. Play hopscotch or make daisy chains just like they did in the 1950's.
Find and read other books by Oliver Jeffers. Which one is your favourite? Why?	See what different numbers you can see on your way to school. Have a look at signs, number plates and doors.	Draw a map of your route to school.	Visit Deen City Farm.
Have a go at writing a sentence describing a toy or pet. Are they as naughty as Pig the pug?	Can you sort different objects at home into groups. You could think about sorting them by colour, size or shape.	Make a poster about the different animal classes: mammals, amphibians, reptiles, fish and birds. What fun facts can you find out?	Make a dolls house to display in class.
