Autumn Two Home Learning Year 1

Gorringe Park Primary School

English	Maths	Wider Curriculum	Experiences
Research the Stone Age. What would life have been like for Cave Baby?	Create your own track game. 	What different materials can you find around your house? What properties does that material have? Is it hard, soft, rough or smooth?	Look up at the stars on a clear night. What can you see?
Find and read other books by Julia Donaldson. Which one is your favourite? Why?	Go on a shape hunt at home or on a journey. What shapes can you find?	Draw a map of your local area. What human or physical features can you spot?	Make a home for an insect or a small creature. What might they need?
Write a rhyming story describing your family. An example: I live with my Mum who like to cook, I live with my Dad who reads lots of books.	Write your own first, then, now story. An example: First there were 2 ducks in a pond. Then 3 more jumped in. Now there are 5 ducks in the ponds.	Research art work by Picasso. Can you create your own version?	Visit the Three Kings Pond at Mitcham or the river at Morden Hall park. What can you find?
