Year 1: We are painters

Gorringe Park Primary School

Subject Specific Vocabulary

Illustration - a drawing of a story or a book.

Software - a program on an IPad or computer that you can use to create things.

Edit - make changes to an illustration.

Save - Keeps your work as a file to work on again.

Undo - erase the last thing you action you did on the software.

E-safety

- When using the internet to research your images and illustrations always tell an adult if you see something that upsets you.
- Turn the screen off and let your teacher know if something makes you worried.

Key Learning Points

- I can use the internet to search for images safely and tell a grown up if I am upset.
- I can choose drawing tools to create and edit images on software by selecting the correct option and colour.
- I can explain how drawing on software is different to drawing with paint and paper.
- I can create an illustration that links to a story or fairy tale.
- I know how to save my work and open it again.
- I can say what I like about my drawing and what I would like to do better next time.

Key learning points

- You can use software on IPads or computers to create your own drawings.
- These work just like actual painting and drawing! You can use lots of different types of brushes and colours to create your drawing.
- You can erase anything you draw by choosing the rubber.

Knowledge check

Drawing software has lots of tools on it help you draw. What do all of these tools do?

Draw

Rubber
