Year 1: We are storytellers

Gorringe Park Primary School

Vocabulary

audiobook – a sounds recording of a story.

microphone – a piece of hardware that records sounds onto a device.

recording – a digital copy of sound you can listen to again and again

sound effects – effects that you can hear.

talking book – a book that reads you the story using a recording.

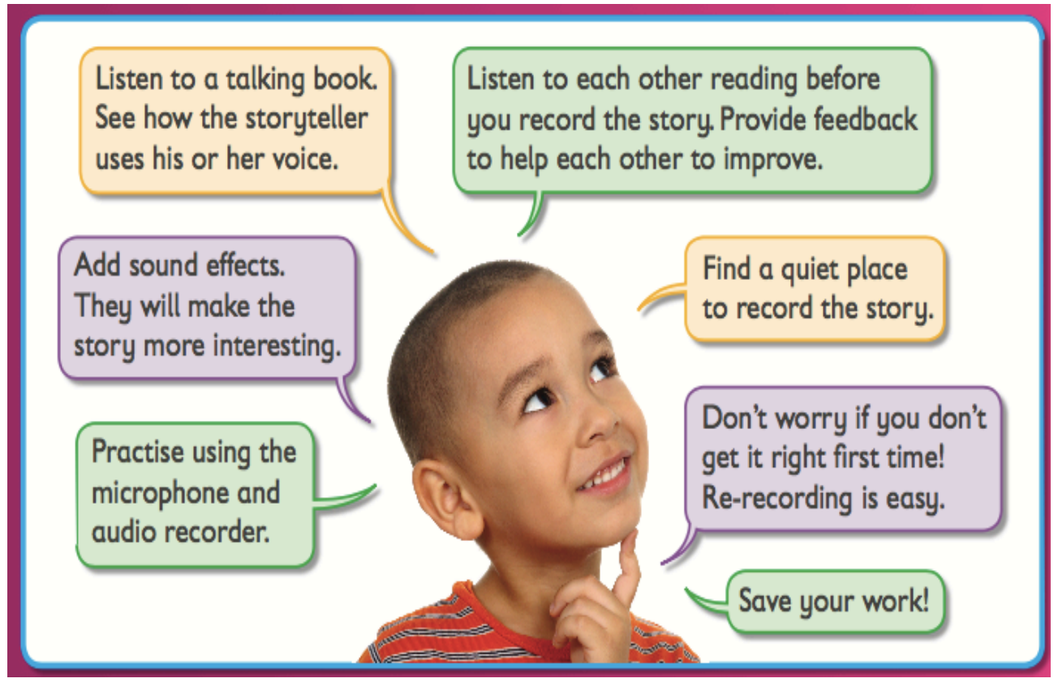
E-safety

- I know how to make recordings of myself and others safely and sensibly.
- I know to tell a trusted adult if I hear something online that makes me upset or uncomfortable.

Key takeaways

- I can use equipment to record sounds.
- I can save my recordings.
- I can explain how an audiobook is different from a normal book.
- I can work together collaboratively using ICT equipment.

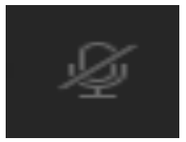
Key takeaways



Knowledge check

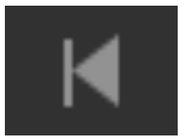
Recording audio needs lots of different buttons.
What do all of these buttons do?

play



start/stop recording

mute/unmute



restart
