

Autumn Two Home Learning Reception

Language and Literacy	Maths	Wider Curriculum	Experiences
Sound search! Search for our next set of sounds: n, o, p, b, g, h, c Find words that have these letters in them and practice reading them.	Count forwards and backwards from 10 in order by chanting or singing songs. https://youtu.be/HkkyajOm6cg https://www.youtube.com/watch?v=DR-cfDsHCGA https://www.youtube.com/watch?v=PRuS7c5GEHw	Research a mode of transport e.g. boats, cars, aeroplanes, motorbikes, bicycles, scooters. What would be your favourite vehicle to come to school in? Can you design your own transport? It could be a car with aeroplane wings and rocket launcher so it is super speedy!	Take a series of photographs of a tree each week to show the changes.
Read books about robots or machines. Explore books about different types of transport. Talk about what you find. What is your most favourite fact?	Exploring shapes! Shapes are all around us... circles, triangles, squares and rectangles! They are in your home and the local environment. Go on a shape hunt at home or on a journey. What shapes can you find? Where can you find a circle?	Can you make a model of a robot out of junk? Can you invent a machine that solves a problem?	Find where you live on a map and see what things you can spot in your local area. This could be shops or Mitcham library or buses or trees. Draw a map or take photos to remind you what you see every day walking to school.
Talk with your child about their day in school: What sounds/words did they learn in phonics? What did they do on the maths/creative table?	Count how many different types of circles, triangles and four-sided shapes you can find in a room in your house or in an outdoor environment.	Explore technology around your home. What machines can you find? What do they help you do? How do they make life easier?	 Make a kite and fly it!

Autumn Two Home Learning Reception

What have they learnt today? Use the photos and observations on Tapestry to encourage your child to talk about their day.
